

STATE OF VERMONT
PUBLIC UTILITY COMMISSION

Case No. 17-2571-INV

Investigation pursuant to 30 V.S.A. Sections 30 and 209 into whether Georgia Mountain Community Wind, LLC, operated its wind electric generation facility in Georgia, Vermont, during icing conditions on January 3, 2017	
---	--

Order entered: 07/19/2018

PROCEDURAL ORDER RE COMMENTS ON REPORT

On July 2, 2018, Georgia Mountain Community Wind, LLC (“GMCW”) filed the first of its annual reports pursuant to the Public Utility Commission’s (“Commission”) Order of August 24, 2017, approving GMCW’s revised winter operating protocol. That approval imposed a requirement that GMCW file an annual report each July 1st for five years identifying any icing events that occurred the previous winter and explaining any adjustments made to the thresholds used in the protocol to determine the conditions under which the turbines would be shut down.

Parties that wish to file comments in response to GMCW’s July 2 filing shall do so no later than close of business on August 1, 2018.¹

SO ORDERED.

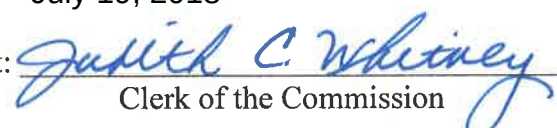

¹ GMCW filed its report in hard copy in Docket 7508. However, the annual reporting requirement was imposed by Commission order dated August 24, 2018, in Case No. 17-2571-INV. Parties should make all future filings related to the reporting requirement and any reports filed pursuant thereto via ePUC in the compliance subcase of Case No. 17-2571. GMCW’s report has been uploaded into that subcase by the Clerk’s Office.

Dated at Montpelier, Vermont, this 19th day of July, 2018.
