

STATE OF VERMONT
PUBLIC UTILITY COMMISSION

Case No. 18-2952-PET

Petition of Georgia Mountain Community Wind, LLC requesting a non-substantial change determination in connection with land conservation requirements at the Georgia Mountain Community Wind Project	
---	--

Order entered: 08/30/2018

PROCEDURAL ORDER REQUESTING COMMENTS

On June 11, 2010, the Vermont Public Utility Commission (“Commission”) issued an order and certificate of public good (“CPG”) to Georgia Mountain Community Wind, LLC (“GMCW”) authorizing the construction and operation of a wind-powered electric generation facility on Georgia Mountain in the Towns of Milton and Georgia, Vermont (the “Project”).

Condition 26 of the CPG required GMCW to file a proposal for Commission review and approval to conserve lands in the Project area as described in the portion of the order addressing rare and irreplaceable natural areas (the “conservation proposal”).

On March 24, 2011, GMCW filed its conservation proposal pursuant to Condition 26 of the CPG.

On May 13, 2011, the Commission issued an order approving the conservation proposal.

On August 20, 2018, GMCW filed a petition seeking a non-substantial change determination from the Commission regarding certain changes to the conservation proposal. In the alternative, GMCW requests that the Commission approve the updated conservation proposal based on the accompanying prefiled testimony and supporting exhibits. According to GMCW, the changes to the conservation proposal are consistent with the requirements of Condition 26, are supported by the Vermont Agency of Natural Resources, and have been approved by the Town of Milton and Vermont Governor Scott.

Any party wishing to file comments on GMCW’s petition for a non-substantial change determination must do so no later than the close of business on Friday, September 14, 2018.

SO ORDERED.

Dated at Montpelier, Vermont, this 30th day of August, 2018.
