Order entered: 06/11/2020

ORDER OPENING COMPLIANCE CASE IN ePUC

On May 14, 2020, the Vermont Public Utility Commission (“Commission”) issued an order in Docket 7628, a legacy case that had been conducted in paper, announcing that it would be opening a new case in ePUC for the filing of all future compliance materials required by the certificate of public good issued on May 31, 2011, in Docket 7628.¹

Today’s order opens that compliance case, Case No. 20-1400-LCOMP. Therefore, all future compliance filings required by the CPG issued in Docket 7628 and comments on them must be made in the new compliance case. Inquiries or information about alleged compliance problems must also be filed in that case. In the event of such filings, the Commission will determine whether a separate case needs to be opened to address any new discrete issues that may arise. Unless a party has elected to participate using paper copies,² all future filings shall be made and received through ePUC.

Instructions for creating an ePUC user account can be found here:

<https://puc.vermont.gov/epuc-information/create-epuc-user-account>. Instructions for how to make a filing using ePUC can be found here: <https://puc.vermont.gov/epuc-information/make-filing>. General information and guidance for using ePUC can be found here:

<https://puc.vermont.gov/epuc-information/epuc-help>. Additionally, the Clerk of the Commission is available to answer questions regarding the use of ePUC.

The Commission will be issuing a separate order closing Docket 7628.

SO ORDERED.

¹ ePUC is the Commission’s online filing and case management system.

² As required by the Commission’s Standards and Procedures Applicable to Electronic Filings Using ePUC, a party who elects to participate using paper copies will receive paper copies of filings. However, that party will also be required to serve paper copies of any of its filings on all other parties, unless the other parties consent to receive service electronically (e.g. by email attachment).
