

STATE OF VERMONT
PUBLIC UTILITY COMMISSION

Docket No. 7628

Joint Petition of Green Mountain Power Corporation, Vermont Electric Cooperative, Inc., and Vermont Electric Power Company, Inc. for a certificate of public good, pursuant to 30 V.S.A. Section 248, to construct up to a 63 MW wind electric generation facility and associated facilities on Lowell Mountain in Lowell, Vermont, and the installation or upgrade of approximately 16.9 miles of transmission line and associated substations in Lowell, Westfield and Jay, Vermont

Order entered: 06/12/2020

ORDER CLOSING CASE

On May 14, 2020, The Vermont Public Utility Commission (“Commission”) issued an order in in this case announcing that it would be opening a new case in ePUC for the filing of all future compliance materials required by the certificate of public good issued on May 31, 2011, in Docket 7628, and would be closing Docket 7628.¹

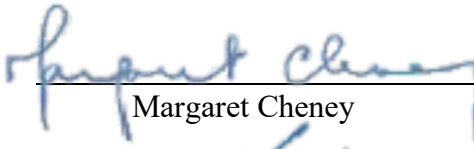

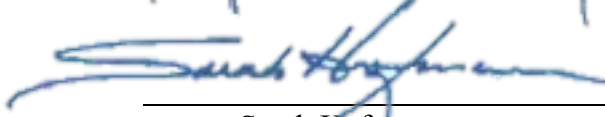

On June 11, 2020, the Commission issued an order opening Case No. 20-1400-LCOMP in ePUC for the filing of all future compliance-related materials required by the May 31, 2011, certificate of public good issued in Docket 7628. Therefore, all future compliance filings required by the CPG issued in Docket 7628 and comments on them must be made in the new compliance case. Inquiries or information about alleged compliance problems must also be filed in that case. In the event of such filings, the Commission will determine whether a separate case needs to be opened to address any new discrete issues that may arise.

Because all future compliance-related materials required by that certificate of public good will be made in ePUC Case No. 20-1400-LCOMP, Docket 7628 is closed.

SO ORDERED.

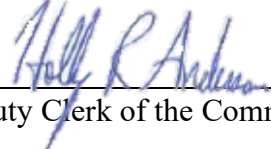

¹ ePUC is the Commission’s online filing and case management system.

Dated at Montpelier, Vermont, this 12th day of June, 2020.
