Ms. Judith Whitney, Clerk
Vermont Public Utility Commission
112 State Street, Drawer 20
Montpelier, VT 05620-2701

**Re: Case No. 20-1400-LCOMP – Compliance filings required by certificate of public good issued in
Docket 7628, Lowell Mountain 63 MW wind electric generation facility
*GMP Motion for Non-Substantial Change or in the Alternative Motion to Amend the CPG***

Dear Ms. Whitney:

Enclosed please find Green Mountain Power Corporation (“GMP”)’s *Motion for Non-Substantial Change or in the Alternative Motion to Amend the CPG* for the Kingdom Community Wind Project. GMP is seeking a determination from the Commission that certain stormwater management features do not have the potential for significant impacts under any relevant Section 248 criteria, and therefore can proceed as a non-substantial change. Alternatively, GMP requests amendment of the CPG in this matter to authorize the change. The motion is supported by the affidavits and exhibits of Jason Lisai and Robert Wildey.

GMP thanks the Commission in advance for its consideration of the above. Please feel free to contact us should you have any questions.

Sincerely,

Geoffrey H. Hand, Esq.
Counsel for Green Mountain Power

Encls.
