Order entered: 08/03/2020

ORDER CLOSING CASE

On May 31, 2011, in Case No. 7628, the Vermont Public Utility Commission (“Commission”) issued a Certificate of Public Good (“CPG”) pursuant to 30 V.S.A. § 248 to Green Mountain Power Corporation (“GMP”), Vermont Electric Cooperative, Inc., Vermont Electric Power Company, Inc., and Vermont Transco LLC authorizing the construction and operation of up to a 63 MW wind electric generation facility on Lowell Mountain in Lowell, Vermont, and for the installation or upgrade of approximately 16.9 miles of transmission line and associated substations in Lowell, Westfield, and Jay, Vermont (the “Project”).

On June 11, 2020, the Commission issued an order opening this case in ePUC for the future filing of all compliance materials required by the CPG issued in Case No. 7628.

On June 12, 2020, the Commission issued an order closing Case No. 7628.

On July 22, 2020, GMP filed a petition seeking a non-substantial change determination for certain changes to the Project’s stormwater features plan that were approved in Case No. 7628. In the alternative, GMP sought an amendment to the CPG. That petition was assigned Case No. 20-1951-PET.

On August 3, 2020, the Commission issued an order in Case No. 20-1951-PET amending the CPG. Therefore, this case, Case No. 20-1400-LCOMP, is closed.

All future compliance filings required by the CPG issued in Case No. 7628, and as amended in Case No. 20-1951-PET, shall be made in the compliance subcase of Case No. 20-1951-PET. Parties in this case will be made parties in Case No. 20-1951-PET for the purposes of receiving notices of future compliance filings and an opportunity to file comments on those filings.

SO ORDERED.

Dated at Montpelier, Vermont, this 3rd day of August, 2020.
