facility (Eastern Project Area), and 8 turbines along)
the ridgeline to the west of Route 8 in the)
northwesterly orientation (Western Project Area))

Order entered: 6/7/2016

PROCEDURAL ORDER

On May 24, 2016, the Vermont Public Service Board (“Board”) requested that Deerfield Wind, LLC (“Deerfield”) confer with the parties to this proceeding and propose several dates and times for a technical hearing regarding the black bear habitat mitigation stipulation.

On June 2, 2016, Deerfield filed a response with proposed dates. Also on June 2, 2016, Wind Action Group filed comments indicating its preference for the technical hearing date.

After consideration of the different proposals, I conclude that setting the technical hearing for July 6, 2016, at 9:30 A.M. will provide time for all parties to prepare without excessive delays.

Additionally, the Board indicated that a list of questions would be provided in advance of the technical hearing. The questions are attached.

SO ORDERED.

Dated at Montpelier, Vermont, this 7th day of June, 2016.

s/George E. Young

George E. Young, Esq.
Hearing Officer
