Re: PSB Docket No. 7250 - Comments re Deerfield Wind, LLC Filing of January 8, 2007

Date: January 23, 2007

On January 8, 2007, Deerfield Wind, LLC ("Deerfield") submitted a petition for Certificate of Public Good pursuant to 30 V.S.A. section 248, and Board Rule 5.400, seeking authorization to construct up to a 45 MW wind electric generation facility and associated facilities. Deerfield has requested conceptual approval of the project which would be followed by post-certification review of the final design plans. In light of the fact that certain aspects of the project are not fully-defined,¹ the Public Service Board seeks comments from parties as to the appropriateness under Board Rule 5.402(c)(3) of Deerfield's request for conceptual approval.

Anyone wishing to file comments shall do so on or before February 9, 2007.

Also enclosed is the Board's Prehearing Conference notice, and a copy of a letter from the Public Service Board to the Adjoining Landowners and the Towns Within a Ten-Mile Radius.
