

MEMORANDUM

To: Parties in PSB Docket No. 7628

From: Judith C. Whitney, Deputy Clerk of the Board

Re: Habitat fragmentation-connectivity easement exhibits

Date: April 20, 2012

On March 30, 2012, parties filed their witnesses' testimony in preparation for the May 1, 2012, technical hearing addressing specific issues related to Green Mountain Power Corporation's ("GMP") proposed habitat fragmentation-connectivity easements. GMP and the Towns of Lowell and Craftsbury (the "Towns") and Lowell Mountains Group, Inc. ("LMG"), included a number of exhibits with their testimony. The Board asks that GMP bring a single, poster-sized version each of Exhibits Pet.-CP-14, 15 and 16 to the hearing. The Board also asks the Towns and LMG to bring a single, poster-sized version each of Exhibits KJ-2, 3, 4 and 5 to the hearing. The Board anticipates that having the larger version of the exhibits will assist the parties and the Board in following the questions to and responses of witnesses during the May 1 technical hearing.
