

Ms. Susan Hudson, clerk
Vermont Public Service Board
Chittenden Bank Building, 4th Floor
112 State Street, Drawer 20
Montpelier, VT 05620-2701

March 16, 2011

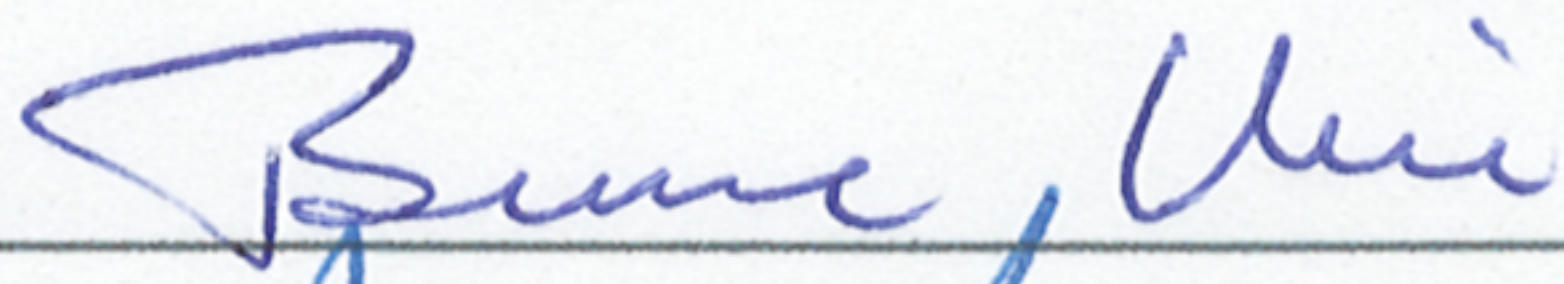

Dear Ms. Hudson,

The Craftsbury Selectboard appointed the town Conservation Commission in the year 2007. When the proposed Kingdom Community Wind (KCW) project became evident in our area, the Craftsbury Selectboard asked the Conservation Commission, representing a broad spectrum of townspeople, to investigate the project. Members of the Conservation Commission diligently followed the project closely all year. After a careful review of the facts and methods employed concerning the proposed project, the Conservation Commission has voted unanimously that the multitude of risks far exceeds the benefits. The Conservation Commission has advised the Selectboard to oppose the project (see attached letter from the Conservation Commission). The Craftsbury Selectboard accepts the carefully studied conclusions of the Conservation Commission and agrees with the concerns addressing the proposed Kingdom Community Wind project.

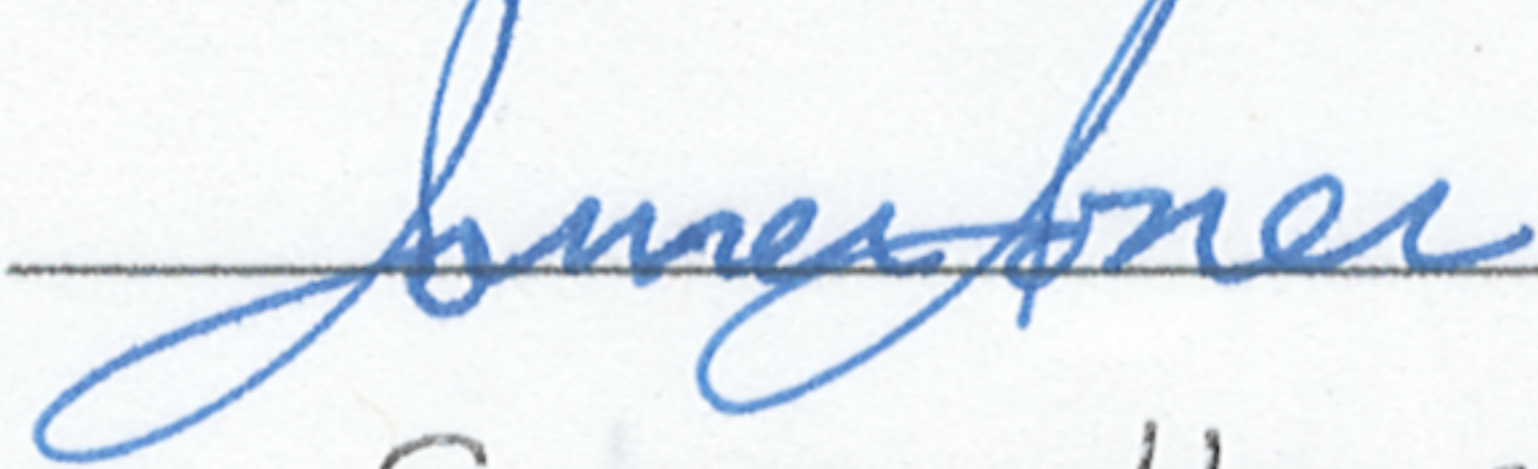

Signed,

The Craftsbury Selectboard

Bruce Urie, chair

James Jones

Susan Houston
