Re: Case No. 20-1951-PET – Green Mountain Power Corporation request for a non-substantial change determination, or in the alternative amend the CPG issued to the Lowell Mountain Kingdom Community Wind Project in Docket 7628
Request to Approve REVISED Form of Substitute Letter of Credit

Dear Ms. Anderson:

On behalf of Green Mountain Power (“GMP”), I am following up on GMP’s August 11, 2023 request that the Vermont Public Utility Commission (“Commission”) authorize the exchange of the existing letter of credit issued by KeyBank N.A. (“KeyBank”) – to satisfy Condition 13 of the Certificate of Public Good issued in Docket 7628 – for a substantively identical letter of credit to be issued by TD Bank, N.A. (“TD Bank”).

We have received the Commission’s 8/31/2023 Order Rejecting Replacement Decommissioning Fund Letter of Credit. Per that Order, today GMP has submitted for Commission review and approval a revised substitute letter of credit from TD Bank, which includes the specific additional language requested by the Commission. TD Bank has sent the original of the revised substitute letter of credit to the Commission via overnight mail.

If you have any questions, please do not hesitate to contact me.

Very truly yours,

SHEEHEY FURLONG & BEHM P.C.
