ORDER OPENING COMPLIANCE CASE IN ePUC

On April 22, 2024, the Vermont Public Utility Commission (“Commission”) issued an order in Docket No. 7508, a legacy case that had been conducted in paper, announcing that it would be opening a new case in ePUC for the filing of all future compliance materials required by the amended certificate of public good (“CPG”) issued on November 9, 2012, in Docket No. 7508.¹

Today’s order opens that compliance case, Case No. 24-2793-LCOMP. Therefore, all future compliance filings required by the amended CPG issued in Docket No. 7508 and comments on them must be made in the new compliance case. Inquiries or information about alleged compliance problems must also be filed in that case. In the event of such filings, the Commission will determine whether a separate case needs to be opened to address any new discrete issues that may arise. A party must participate in the new case using ePUC unless one of the exceptions stated in Commission Rule 2.110 applies.

Instructions for creating an ePUC user account can be found here: <https://puc.vermont.gov/epuc-information/create-epuc-user-account>. Instructions for how to make a filing using ePUC can be found here: <https://puc.vermont.gov/epuc-information/make-filing>. General information and guidance for using ePUC can be found here: <https://puc.vermont.gov/epuc-information/epuc-help>. Additionally Commission staff are available to answer questions regarding the use of ePUC.

The Commission will be issuing a separate order closing Docket No. 7508.

¹ ePUC is the Commission’s online filing and case management system.

SO ORDERED.

Dated at Montpelier, Vermont, this 26th day of August, 2024.
