PUBLIC UTILITY COMMISSION

Case No. 7508

Petition of Georgia Mountain Community Wind, LLC, for a certificate of public good, pursuant to 30 V.S.A. Section 248, authorizing the construction and operation of a 5-wind turbine electric generation facility, with associated electric and interconnection facilities, on Georgia Mountain in the Towns of Milton and Georgia, Vermont, to be known as the “Georgia Mountain Community Wind Project”

ORDER CLOSING CASE

On April 22, 2024, the Vermont Public Utility Commission issued an order in this case announcing that it would be opening a new case in ePUC for the filing of all future compliance materials required by the amended certificate of public good (“CPG”) issued on November 9, 2012, in Docket No. 7508, and would be closing Docket No. 7508.¹

On August 26, 2024, the Commission issued an order opening Case No. 24-2793-LCOMP in ePUC for the filing of all future compliance-related materials required by the November 9, 2012, amended CPG issued in Docket No. 7508. Therefore, all future compliance filings required by the amended CPG issued in Docket No. 7508 and comments on them must be made in the new compliance case. Inquiries or information about alleged compliance problems must also be filed in that case. In the event of such filings, the Commission will determine whether a separate case needs to be opened to address any new discrete issues that may arise.

Because all future compliance-related materials required by the CPG will be made in ePUC Case No. 24-2793-LCOMP, Docket No. 7508 is closed.

SO ORDERED.

¹ ePUC is the Commission’s online filing and case management system.

Dated at Montpelier, Vermont, this 26th day of August, 2024.
