Ms. Holly Anderson, Clerk
Vermont Public Utility Commission
112 State Street, Drawer 20
Montpelier, Vermont 05620-2701

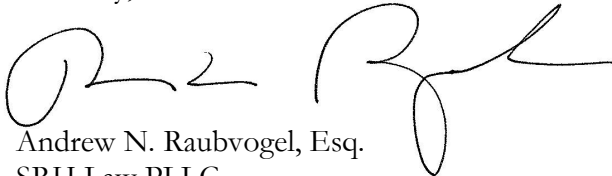

**Re: Case No. 24-2793-LCOMP (CPG Docket No. 7508)
Georgia Mountain Community Wind Project**

Dear Ms. Anderson,

Georgia Mountain Community Wind, LLC ("GMCW") wishes to inform the Commission that the phone number to be used by the public to register comments or complaints concerning the Georgia Mountain Community Wind Project ("Project") has been changed to (888) 570-6952. This phone number is integrated into the call tree utilized by the operations team of GMCW's parent company, Greenbacker Renewable Energy Corporation ("Greenbacker"). A caller to that number will be asked to state whether the call concerns a solar or wind project, after which the call will be routed to the company's Senior Wind Energy Operations Manager. If they are unavailable, the call will go to voicemail and simultaneously an email of the voicemail transcript will be sent to Greenbacker's Wind Operations and Asset Management departments. The call will then be returned as soon as possible, and, for calls concerning potential icing issues at the Project, within one hour as proscribed under GMCW's Winter Operating Protocol.

Thank you for your consideration of the above and please do not hesitate to contact me should you have any questions.

Sincerely,

Andrew N. Raubvogel, Esq.
SRH Law PLLC
