**Re: Docket No. 24-2793-LCOMP (Docket No. 7508)
Georgia Mountain Community Wind Project
Replacement Letter of Credit and Return of Cancelled Letter of Credit**

Dear Ms. Anderson,

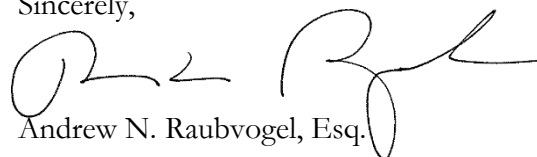

I am writing on behalf of CPG Holder Georgia Mountain Community Wind, LLC (“GMCW”) regarding the replacement Decommissioning Letter of Credit (“LC”) for the Georgia Mountain Community Wind Project (“Project”).

On November 15, 2024, PNC Bank, National Association (“PNC”) issued a replacement Letter of Credit (“LC”) for the Project. A draft of the LC had been previously submitted to the Public Utility Commission (“Commission”) and approved by Order dated September 25, 2024. On November 29, 2024, PNC issued an amendment to this LC, to correct an inadvertent error in the November 15th LC. Originals of the LC and Amendment were sent by PNC to the Commission via Federal Express, and copies of the LC and LC Amendment have been filed today on ePUC.

As provided in the September 25th Order, given the issuance of the PNC LC, the prior LC issued by Bayerische Landesbank and on file with the Commission is deemed cancelled. GMCW thus requests that the Commission immediately return this canceled LC via Federal Express or other trackable mail delivery service. GMCW further requests that the tracking information be provided via e-mail to GMCW’s counsel. Alternatively, should the Commission prefer that GMCW facilitate the mailing of the canceled LC, please reach out and we will provide a prepaid Fed Ex label.

Thank you in advance, and please do not hesitate to contact us with any questions.

Sincerely,

Andrew N. Raubvogel, Esq.
