Re: **Case No. 23-3088-PET – Vermont Wind, LLC**
Decommissioning Fund Inflation Adjustment Report

Dear Ms. Anderson,

Pursuant to Condition 32 of the Certificate of Public Good ("CPG") issued for the Vermont Wind Project on August 8, 2007 and amended October 12, 2023 CPG Holder Vermont Wind, LLC ("Vermont Wind") hereby submits the following inflation adjustment report regarding the Decommissioning Fund and Letter of Credit No. OSB44766NYA ("LC") in place for this Project.

The current LC was updated on January 17, 2023 to $1,879,359.00. Vermont Wind has calculated the adjustment for inflation for the period between January 2023 and December 2025 using the U.S. Bureau of Labor Statistics' Northeast Urban Consumer Price Index. Based on data, Vermont Wind has determined that the adjustment should be $124,769.13. The total adjusted Decommissioning Fund amount is $2,004,128.13.

An amendment to the LC reflecting this increased amount has been issued by the Bank of Nova Scotia. A copy of the amendment is being filed on ePUC concurrent with this report and the original will be mailed directly to the Commission.

Please do not hesitate to reach out if you have any questions.

Sincerely,

V. Westgate
