Community Wind Project")

Order entered: 9/5/2012

PROCEDURAL ORDER RE: VIOLATIONS

On August 24, 2012, the Public Service Board ("Board") issued an Order halting blasting activities at Georgia Mountain Community Wind, LLC's ("GMCW") wind generation facility.

On September 5, 2012, the Board held a status conference in this Docket to address the procedure for determining whether GMCW should be allowed to resume blasting and also to address the process for addressing alleged and admitted violations of the June 11, 2010, Certificate of Public Good.

At the status conference GMCW represented that no additional blasting activities are necessary in association with the project. Accordingly, there is no need for additional Board process on the question of whether GMCW should be allowed to resume blasting.

With respect to the process for addressing alleged and admitted violations, the parties agreed that they would attempt to develop a schedule for the proceeding and would file an update within two weeks.

Parties must file a proposed schedule for this proceeding by September 19, 2012.

SO ORDERED.

Dated at Montpelier, Vermont, this 5th day of September, 2012.
