

STATE OF VERMONT
PUBLIC SERVICE BOARD

Docket No. 5713

Investigation into NET's tariff filing)
re: Open Network Architecture, including)
the unbundling of NET's network, expanded)
interconnection, and intelligent networks)

Order entered: 4/13/95

SECOND ORDER RE: MOTIONS TO INTERVENE

On March 1, 1995, I issued an Order setting the procedural schedule for this docket and granted the several motions to intervene. I mistakenly overlooked one of those motions, that of the MCI Telecommunications Corporation, which was also accompanied by a request for waiver of Board Rule 2.201(C).¹ No other party opposed those motions, and I hereby grant them.

On March 6th, Franklin Telephone Company filed a motion to intervene. For the reasons set out in the order of March 1st (at pages 13-14), I grant this motion.

DATED at Montpelier, Vermont, this 13th day of April, 1995.

s/Frederick W. Weston
Frederick W. Weston
Hearing Officer

OFFICE OF THE CLERK

FILED: April 13, 1995

ATTEST: s/Susan M. Hudson
Clerk of the Board

NOTICE TO READERS: This decision is subject to revision of technical errors. Readers are requested to notify the Clerk of the Board of any technical errors, in order that any necessary corrections may be made.

1. To be accurate, the original motion has been superceded by one filed on April 5th. Counsel representing MCI has changed.
