

MEMORANDUM

To: EEU-2010-06 DRP E-mail Service List

From: Susan M. Hudson, Clerk of the Board

Re: Revised Schedule for Filing QPIs

Date: September 14, 2011

In an August 1, 2011 Order, in Board Public Service Board ("Board") proceeding EEU-2010-06, the Board directed workshop participants to file an updated forecast and proposed electric quantifiable performance indicators ("QPIs") by September 12, 2011. The August 1 Order further recognized that the September 12 deadline is dependent on Board approval of updated avoided costs and may be subject to revision.

In an August 26, 2011, memorandum in Board proceeding EEU-2011-02, Board staff adopted a schedule that included a September 23, 2011, deadline for workshop participant to file comments on avoided costs, and a September 30, 2011, deadline to file comments on the transmission and distribution component of avoided costs.

On September 9, 2011, the Department of Public Service ("Department"), Vermont Energy Investment Corporation ("VEIC"), and the City of Burlington Electric Department ("BED") filed a letter jointly requesting that the September 12 deadline be extended given that Board approval of updated avoided costs will not occur before the September 30 deadline for comments. The Department and VEIC propose that the deadline for the filing of the Efficiency Vermont forecast of savings and QPIs be extended to October 20, 2011. The Department and BED propose that the deadline for the BED forecast of savings and QPIs be extended to October 25, 2011.

In September 8, 2011, and September 9, 2011, e-mails, Central Vermont Public Service Corporation, Conservation Law Foundation, Green Mountain Power Corporation, Vermont Public Power Supply Authority, and Vermont Electric Cooperative indicated that they did not object to the extension request.

The Board has asked me to inform you that the request for extension in schedule is granted. The deadline for workshop participants to file the Efficiency Vermont forecast of savings and QPIs is October 20, 2011. The deadline for workshop participants to file the BED forecast of savings and QPIs is October 25, 2011.

The August 1 Order directed Board staff to conduct additional proceedings to determine QPIs, including a workshop and written filings. The Board has asked me to inform you that any further schedule changes will also be determined by Board staff.
