*Bennington Letter to PUC
re: Paper Mill Solar Project*

TOWN OF BENNINGTON

Judith C. Whitney, Clerk
Vermont Public Service Board
112 State Street
Montpelier, VT 05620

October 13, 2016

Re: ER Paper Mill Village Solar, LLC – Town of Bennington Comments

Dear Ms. Whitney:

The Bennington Select Board reviewed the Petition for a Certificate of Public Good for the Paper Mill Village Solar project on October 10, 2016 at its regular meeting. The Select Board also conducted a site visit of the project site on October 12, 2106 during a special meeting. After the site visit, the Select Board voted unanimously to indicate to the Public Service Board that the Select Board found no adverse impacts, but encouraged the Public Service Board to require continuous review of the south and east screening to insure sufficient screening throughout the life of the project.

The Town appreciates the opportunity to comment on the Paper Mill Solar project. Please contact me if the Public Service Board has any questions regarding the Select Board's comments.

For the Board
Sincerely,

Stuart A. Hurd
Town Manager
