Re: Case 17-5257-INV – Review of the standard-offer program

Dear Ms. Whitney:

In a memo dated August 15, 2018, the Public Utility Commission set a deadline of September 14, 2018 for filing comments on recommended improvements to the standard-offer program. Vermont Public Power Supply Authority (“VPPSA”) and Burlington Electric Department (“BED”) attended the August 2nd workshop on this topic and intend to file follow-up comments.

However, due to schedule constraints, VPPSA and BED respectfully request an extension of this deadline until September 21, 2018. VPPSA and BED have consulted with other parties to this proceeding, including Renewable Energy Vermont, the Department of Public Service, Green Mountain Power, Vermont Electric Coop, Washington Electric Coop, Stowe Electric Department, and VEPP, Inc. All of these entities have indicated support for the extension request.

Thank you for your consideration of this request. Please contact me (m Bailey@vppsa.com or 802-882-8509) with any questions you may have.

Sincerely,

A handwritten signature in black ink that reads "Melissa Bailey".
