Re: Case No. 18-3449-PET

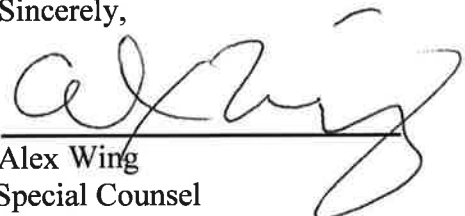

Petition of Salisbury AD 1, LLC, for a certificate of public good, pursuant to 30 V.S.A. § 231, to own and operate a renewable natural gas facility in Salisbury, Vermont, and for de minimis regulation, and to address motions to transfer and amend the 30 V.S.A. § 248 CPG for the facility that was issued in Case 8596.

Dear Ms. Whitney:

The Department of Public Service hereby requests that the comment period for this Project be extended to November 7, 2018 with respect to the question of whether the proposed amendment is a substantial change. The Department has continuing staffing issues and has also identified some issues about which it would like further information and an opportunity to confer with the parties prior to commenting.

The Department has contacted Salisbury AD 1, LLC, the Agency of Natural Resources, and Lincoln Renewable Gas, LLC. The Department obtained consent from Salisbury AD 1, LLC, Lincoln Renewable Gas, LLC, and the Agency of Natural Resources. Thank you for the opportunity to comment on this matter; please do not hesitate to contact me if you have any questions.

Sincerely,
