Dear Representative Sibilia:

Regarding the Consolidated Service Quality Investigation, the Public Utility Commission received your February 9, 2019 comments and your February 11, 2019 corrections to those comments. Copies of your comments were provided upon receipt to the Commissioners. Your filings have also been made a part of the public comments filed in this case.

The Clerk of the Commission has also provided a copy of your comments to the Department of Public Service, which, as you know, is the state agency that represents the interests of the people of the state in matters before the Commission. You may wish to discuss your concerns directly with the Department.

The Commission always welcomes comments in matters that are before us, and we really appreciate you bringing your concerns to our attention.

Best,
Kyle
