Order entered: 07/02/2019

PROCEDURAL ORDER REQUEST FOR COMMENT

On May 24, 2019, Efficiency Vermont, the Vermont Department of Public Service (“Department”), and Agency of Commerce and Community Development (“ACCD”) issued a request for proposals to solicit customers to Energy Savings Account (“ESA”) pilot program.

In a July 1, 2019, filing, Efficiency Vermont, the Department, and ACCD provided the customers selected for participation in the ESA pilot program. The eleven customers selected had total annual energy efficiency charge contributions of approximately \$1.6 million.

In the July 1, 2019, filing, Efficiency Vermont, ACCD, and the Department noted that the ESA pilot program is not fully subscribed.¹ Efficiency Vermont, the Department, and ACCD request permission from the Vermont Public Utility Commission (“Commission”) to issue an additional request for proposals to solicit additional customers in an effort to fully subscribe the program. Efficiency Vermont, the Department, and ACCD represent that they intend to issue the request for proposals as soon as approval is received from the Commission, and that the second request for proposals will include a program end date of end date of June 30, 2022, consistent with the initial request for proposals.

The deadline for responses to the request is Friday, July 12, 2019.

¹ Section 2(b) of Public Act 150 provides that the total amount of customer energy efficiency charge funds “available in the pilot program each year shall not exceed \$2 million.” Public Act No. 150 (2018 Vt. Adj. Sess.).

SO ORDERED.
