

**STATE OF VERMONT
PUBLIC UTILITY COMMISSION**

Case No. 17-4999-INV

Investigation into PUC Rule 3.300, Disconnection of Residential Electric, Gas, and Water Service	
--	--

DEPARTMENT OF PUBLIC MOTION TO ALTER SCHEDULE

On August 1, 2019 the Vermont Public Utility Commission (“Commission”) issued an order setting a schedule and requesting comments and proposals for Rule changes pertaining to Rule 3.300, which governs the disconnection of residential water, gas, and electric service. The Department of Public Service (“Department”) respectfully requests 4 weeks to develop a considered response to the utility filings as the current timeframe does not provide enough time for the Department to adequately process and file full commentary or any alternatives that it may offer.

The Department also recommends an additional round of commentary after all parties have submitted markup. Thank you for your consideration, please do not hesitate to contact me should you have any questions or concerns.

Dated in Montpelier, Vermont on this 5th day of August 2019.

Sincerely,

/s/ Alex Wing
Alexander Wing, Special Counsel
Department of Public Service
