of public good, pursuant to 30 V.S.A. §§ 8010 )  
and 248, to install and operate a 500 kW group )  
net-metered solar electric generation facility ) Case No. 20-\_\_\_\_-NMP  
located off Richville Road in Manchester, )  
Vermont, to be known as the “Richville Road )  
Solar Project” )

**DECOMMISSIONING PLAN**

MHG Solar LLC (“MHG” or “Applicant”) hereby submits this plan, as part of the Section 248 Certificate of Public Good (“CPG”) process, for the eventual decommissioning of the proposed 500 kW solar electric generation facility located off Richville Road in Manchester, Vermont (“Project”), pursuant to Public Utility Commission Rule 5.107(C)(12).

**Decommissioning Activities**

At the time the Project permanently ceases to operate, the CPG Holder will decommission the facility and restore the site to its condition prior to the installation of the facility to the greatest extent practicable. Decommissioning activities will include off-site removal of all Project equipment, including but not limited to: solar panels, metal support structures, underground electrical lines, inverters, and pole-mounted transformers (subject to permission of GMP, who will own and operate them). Specifically, all Project equipment will be dismantled on-site and will then be removed from the site and sold, re-used, recycled, and/or disposed of in accordance with the applicable waste laws and regulations that exist at the time of decommissioning.
