

2.500 COVID-19 EMERGENCY PROCEDURES

2.501 Purpose, Scope, and Period of Applicability

Due to the outbreak of the novel coronavirus, COVID-19, the Governor of Vermont has declared a state of emergency. The Vermont Supreme Court has declared a judicial emergency in Administrative Order 49 and amendments to that order. This emergency rule amends various filing and procedural requirements and provides alternative procedures to reduce or eliminate in-person contact between members of the public and Commission staff or other members of the public to reduce the risk of exposure to the COVID-19 virus. This rule shall take effect on the date of its filing, and shall remain in effect for six months, or until the Commission withdraws it. Emergency Rule 2.500 does not amend the Commission's Standards and Procedures Applicable to Electronic Filing Using ePUC. The Commission strongly encourages using ePUC to initiate proceedings and file non-confidential documents instead of making paper filings.

2.502 Amendments to Commission Rule 2.202 Relating to Initiation of Proceedings

The Commission amends Commission Rule 2.202 as follows. Except for cases initiated by the Commission, a proceeding is initiated by filing a complaint, petition or other application with the Clerk in the manner specified in Commission Emergency Rule 2.503, below. If the named defendant or respondent is a utility, service of process shall be completed by the Clerk who shall send a copy of the filing that initiates the proceeding to that utility by first-class mail. If the named defendant, respondent, or other person or entity entitled to notice is not a utility, then the party initiating the proceeding shall procure a summons from the Clerk and shall cause the summons, together with the filing that initiates the proceeding, to be served on the defendant or respondent in the manner provided by the Vermont Rules of Civil Procedure within 30 days after the initiating filing.

2.503 Amendments to Commission Rule 2.204 Relating to Pleadings and Other Filings; Service and Filing

The Commission amends Commission Rule 2.204(C) and (D) as follows:

Filing, manner and significance. While this emergency rule is in effect, filing shall be accomplished by email to the Clerk at puc.clerk@vermont.gov. Filings sent by email will be considered filed on the date transmitted if the email is transmitted before 4:30 p.m., except that the filing is not effective if the sending party learns that the attempted service did not reach the Clerk. Filers must follow up by mailing the required number of hard copies to the Commission via first-class mail. Each filing shall constitute a representation by the attorney or pro se representative signing the same that a copy thereof has been or will be served on the same day on which it is filed upon every other party on whose behalf a notice of appearance has been filed.

Number of copies. Except as provided in this emergency rule or other Commission rule, or as otherwise ordered by the Commission, all materials required to be filed shall include an original only. The exception to this rule is as follows:

Rule 2.214 (Discovery Responses) - An original plus one copy.

2.505 Use of Grand Lists

Notwithstanding the provisions of Commission Rules 5.106(D)(3), 5.107(C)(3), 5.402(B), and 5.402(F)(3), Commission orders issued in Case No. 17-5090-INV and Case No. 18-2940-INV, or any other rule or order inconsistent with this emergency rule, in circumstances in which the Commission requires that the names and addresses of all adjoining landowners as obtained from the most recent version of the town's grand list be compiled to provide a notice, an applicant may obtain adjoining property owner information online through the Vermont

Center for Geographic Information database, municipality-specific databases, the Vermont Department of Taxes grand lists, and/or electronic versions of grand lists maintained by municipalities.

An applicant must verify the online information with the relevant municipal office within 60 days before providing the notice. An applicant must document the municipal office verification, including the name of the municipal staff member and date on which the verification occurred, or, alternatively, must document at least three attempts at verifying the online information. Documentation of verification shall be signed and attested to by an applicant in the manner provided in Commission Emergency Rule 2.506, below.

2.506 Notarization and Oaths

Notwithstanding the provisions of Commission Rule 5.107(C)(7), or any other rule inconsistent with this emergency rule, in circumstances in which Commission rules require that a filed document bear the approval or verification of a notary, a filer may include the following language in lieu of notarization: “I declare that the above statement is true and accurate to the best of my knowledge and belief. I understand that if the above statement is false, I may be subject to sanctions by the Commission for contempt.” In Commission hearings in which a witness testifies by video or audio conference, the Commission may administer the oath remotely provided the Commission is satisfied as to the identity of any witness testifying remotely.

2.507 Commencement of Construction

Notwithstanding any rule or order inconsistent with this emergency rule, a CPG Holder shall not begin any site preparation, construction, or other activity on a CPG project site that violates Governor Scott’s Executive Order 01-20 or any addenda to that order. These orders are further described in guidance issued by the Agency of Commerce and Community Development, available at <https://accd.vermont.gov/covid-19/business/stay-home-stay-safe-sector-specific-guidance>.

2.508 Amendments to Commission Rule 5.110(C) Relating to Abandonment of Certificates of Public Good

The Commission amends Commission Rule 5.110(C) as follows. Non-use of a CPG for a period of one year following the date the CPG is issued will result in the revocation of the CPG. For the purpose of this section, for a CPG to be considered used, the net-metering system must be commissioned. The Commission may grant by order generic extensions of time as a result of the COVID-19 pandemic. Any other extensions of time will only be granted upon written request and for good cause shown. Before site preparation, a certificate holder may abandon a CPG at any time by filing written notice to the Commission, the Department, the Agency of Natural Resources, and the electric company.

2.509 Amendments to Commission Rule 5.402(B) Relating to Filing Requirements for Petitions to Construct Electric and Gas Facilities Pursuant to 30 V.S.A. § 248

The Commission amends Commission Rule 5.402(B) as follows. A petitioner must provide notice of the proposed project to each adjoining property owner at the time that the petition is filed with the Commission. This notice shall include, at a minimum, a general description of the type and approximate location of the facilities and upgrades proposed, a statement that a petition for approval is being filed with the Commission, instructions on how to download electronically a copy of the complete project plans and petition, and instructions on how an adjoining landowner can contact the petitioner to obtain a copy of the complete project plans and petition if the adjoining landowner is not able to access them electronically.
