DEPARTMENT OF PUBLIC SERVICE COMMENTS ON COMPLIANCE TARIFFS

On June 26, 2020, the Washington Electric Cooperative, Inc. (WEC) filed compliance tariffs with the Public Utility Commission (Commission) which reflect rate adjustments approved by the Commission in this rate design proceeding and the companion rate review completed in Case No. 19-4576-TF. On June 30, 2020, WEC filed a revised tariff sheet for the residential rate that corrects a minor error for the residential tail block rate that was included in the initial compliance filing. The Department of Public Service (Department) reviewed WEC's revised tariffs and finds that, with the correction included in the June 30 filing, the tariff sheets are consistent with the Commission's orders from both this proceeding and Case No. 19-4576-TF. The Department, therefore, recommends that the Commission approve WEC's revised tariff sheets without further hearing or investigation.
