Re: Case No. 18-3449-PET – Salisbury AD 1, LLC's Motion to Amend CPG

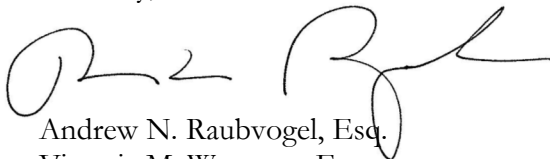

Dear Ms. Whitney:

Enclosed please find CPG Holder Salisbury AD 1, LLC ("SAD1")'s *Motion to Amend Certificate of Public Good* for the above-referenced Project, which is presently under construction. SAD1 is seeking Commission approval for changes to the final specifications of several Project components. SAD1 is also providing notice of minor design/layout changes which it believes do not rise to the level of material or substantial changes that would require Commission approval. The Motion is supported by the affidavit and exhibits of Maria Sol Ucciani.

SAD1 respectfully requests that the Commission issue an amended CPG incorporating these final design changes as expeditiously as possible, so that SAD1 may proceed on the current schedule given the ongoing but limited construction season and delays already suffered due to the COVID-19 crisis. To this end, SAD1 proposes that the Commission set July 24th as the deadline for other parties to comment on the motion, with SAD1 providing a response to comments, if needed, by July 31st. SAD1 requests a final order approving this motion by August 14th.

SAD1 thanks the Commission in advance for its consideration of the above. Please feel free to contact us should you have any questions.

Sincerely,

Andrew N. Raubvogel, Esq.
