Re: Proposed revisions to Vermont Public Utility Commission Rule 2
Docket Number 20-2369 RULE

Dear Mrs. Whitney:

On November 1, 2020, the Public Utility Commission (“Commission”) asked for comments regarding suggestions to eliminate all references to the Vermont Rules of Civil Procedure (“VRCP”) and instead incorporate relevant rules into Rule 2. Green Mountain Power (“GMP”) appreciates the thoughtful comments submitted in this proceeding. Commission proceedings often involve litigated cases and reference to the VRCP and the well-established case law interpreting its rules is quite useful and efficient. Give the precedential benefit, and the potential time-consuming nature of rewriting those rules, we believe the Commission and participants in Commission proceedings are better served by continuing to reference the VRCP.

Thank you for this opportunity to comment, and we look forward to participating in this proceeding.

Sincerely,

Carolyn Browne Anderson
