Re: Request for Comments

Date: February 16, 2021

On January 5, 2021, Starlink Services, LLC (“Starlink”), filed a petition with the Vermont Public Utility Commission (“Commission”) for designation as an eligible telecommunications carrier.

On February 9, 2021, the Vermont Department of Public Service (“Department”) filed comments and prefiled testimony recommending that the Commission approve Starlink’s petition without further hearings or investigation provided that Starlink complies with certain information filing requirements, including deployment milestone reports, a marketing plan, and annual reports on Starlink’s marketing and outreach efforts.

The Commission asks that Starlink file a response to the Department’s comments indicating whether or not it agrees to the conditions recommended by the Department on or before March 3, 2021. To allow the Commission to make the findings required by 47 U.S.C. § 214(e), 47 C.F.R. § 54.201(d), and 30 V.S.A. § 7515, the Commission also asks that Starlink file an affidavit certifying that the facts and representations contained in the petition are true and correct or prefiled testimony attesting to the same facts.¹
