Dear Public Utility Commission - As a rural Vermonter (Marlboro) with no choice for phone/internet except Consolidated, I object to any rate increases they might ask for, and I am extremely hindered by their weak internet signal which they claim is the best they can do - 7 mb. I am paying much too much for what I get and most of the time I don't even get 7.

Please encourage competition and refuse any rate increases they might ask for.

Also, PLEASE - get us better internet.
