**State of Vermont
Public Utility Commission**

MEMORANDUM

To: Parties in PUC Case Number 21-5271-INV
From: Joan White, Hearing Officer *Joan White*
Re: Due Date – extended to January 6, 2022
Date: December 22, 2021

On December 20, 2021, the Vermont Public Utility Commission (“Commission”) opened an investigation for the purposes of gathering data to write a brief legislative report on electric rates for electric vehicles and electric vehicle supply equipment.

The order opening the investigation contained a due date of December 31, 2021, for utilities and others to submit inventories of existing rates and responses to Commission information requests. That due date is extended to January 6, 2022. Participants are reminded that inventories and comments need only be very brief to provide the information necessary for the report.

January 6, 2022 - Deadline to submit inventories and responses to Commission information requests in the order dated 12/20/2021.
