Order entered: 02/22/2022

SCHEDULING CONFERENCE ORDER

This case concerns the tariff filing of Green Mountain Power Corporation (“GMP”) made on December 15, 2021, to extend the expiration date from September 30, 2022, to September 30, 2026, for its Bring Your Own Device (“BYOD”) and Energy Storage System (“ESS”) tariffs (Case Nos. 19-3537-TF and 19-3167-TF, respectively). The tariff change also includes a clarification to the BYOD tariff requiring that BYOD systems be enabled to charge from the grid.

On February 7, 2022, I held a scheduling conference in this matter. Appearances were entered by Geoff Hand, Esq., on behalf of Green Mountain Power Corporation; Jonathan Dowds, on behalf of Renewable Energy Vermont (“REV”); and James Porter, Esq., on behalf of the Vermont Department of Public Service (“Department”). In addition, the scheduling conference was attended by Kyle Wallace of SunRun.¹

At the scheduling conference, the parties developed the following proposed procedural schedule, which I adopt:

Date	Event
March 8, 2022	Status update and proposed next steps to be filed by GMP and REV
March 15, 2022	Department to file comments on the status update and next steps

¹ At the scheduling conference, Mr. Wallace stated that he did intends to work jointly with REV in this proceeding.
