Re: NRPC Comments – Rick and Michelle Paya/480 kW- (22-0682-NMP)

Dear Mr. Paya & Ms. Paya,

At a meeting on March 16, 2022, the Northwest Regional Planning Commission (NRPC) Project Review Committee reviewed the application from Rick & Michelle Paya for a 333 kW expansion of an existing solar facility.

Upon review of the proposed project, the NRPC Project Review Committee found that the project is in conformance with the Northwest Regional Plan and does not have a substantial regional impact.

These comments are based on the information currently available and the NRPC may have additional comments as the process continues. Please feel free to contact me should you have any questions.

Sincerely,

Emily Klofft
Regional Planner
