Re: PUC Case No. 22-2134-RULE - Proposed Vermont Public Utility Commission Rule 4.600 Defining "Electric Transmission Facility"
Date: June 7, 2022

On May 19, 2022, the Vermont Public Utility Commission ("Commission") submitted paperwork to the Interagency Committee on Administrative Rules to initiate a rulemaking proposing Commission Rule 4.600, regarding defining "Electric Transmission Facility".

After the Interagency Committee on Administrative Rules completes its review, the proposed rule will be filed with the Vermont Secretary of State. At that time, a formal notice of the rule will be published, and a public comment period will be established. The Commission will provide more information about this rulemaking once it is available.

More information about the rulemaking, including the text of the proposed rule and a copy of the Commission's filing, is available in the Commission's file management system, ePUC, in case number 22-2134-RULE at <https://epuc.vermont.gov/>
