ORDER RE SCHEDULE

This case involves an application filed with the Vermont Public Utility Commission (“Commission”) by Norwich Upper Loveland Solar, LLC (“Applicant”) for a certificate of public good (“CPG”) to construct and operate a 500 kW solar electric generation project in Norwich, Vermont (the proposed “Project”).

On September 20, 2022, I held a scheduling conference in this proceeding. Appearances were entered by Kimberly Hayden, Esq., on behalf of the Applicant; intervening parties John Benson, Dan and Jenn Goulet, Stephen Gorman, and Joy Kenseth; Benjamin Civiletti, Vermont Department of Public Service; and Donald Einhorn, Esq., Vermont Agency of Natural Resources. Also present was Annette Smith, Vermonters for a Clean Environment.

The parties submitted a proposed schedule in advance of the hearing, which I adopt with the exception of the evidentiary hearing and briefing dates. Unfortunately, no court reporter is able to confirm their availability this far in advance for any dates the week of April 8, 2023. I have left the dates for the evidentiary hearing and post-hearing briefing as “to be determined” in the schedule and will revisit the issue of court reporter availability closer in time to the proposed hearing date.
