**Re: Case No. 21-2939-NMP - Petition of Randolph Davis Solar LLC
Request to Adjust Hearing and Briefing Schedule; List of Evidence**

Dear Ms. Anderson:

Petitioner respectfully requests to move the evidentiary hearing for this matter from October 14, 2022 to one of the following dates in November: November 14-16th. The proposed briefing dates are adjusted to January 12, 2023 for briefs, and January 26, 2023 for reply briefs. I have collaborated with the parties to develop these proposed schedule adjustments, and have been informed that no party opposes these changes.

Now that the deadlines for prefiling evidence and comments has passed and to facilitate the hearing logistics, Petitioner is also submitting in ePUC today a List of Evidence that includes all parties' prefiled testimony and accompanying exhibits, as well as agency comments (submitted to date and not otherwise stricken by procedural order).

Petitioner does not plan to cross examine any witnesses, but reserves the right to question a witness to the extent live testimony is provided beyond the scope of the already submitted prefiled testimony, exhibits and comments.

Cordially yours,

PAUL FRANK + COLLINS P.C.
