STATE OF VERMONT PUBLIC UTILITY COMMISSION

Filed by e-PUC on December 13, 2022

Case No. 22-4869-INV

The Village of Hyde Park Electric Department (“HPE”) responds to the Vermont Public Utility Commission (“PUC”) as follows:

1. Rate details

HPE does not currently offer a specific rate for residential, commercial, or workplace EV charging.

2. Enrollment

There is no enrollment report.

3. Effectiveness

Since HPE staff has not received customer requests, we believe that public charging stations satisfy their needs at time.

4. Progress

There is no progress report.

5. Addressing barriers

HPE is not taking steps to address barriers. HPE staff report that our customers have not shown support for investments outside our mission to provide safe, reliable and affordable electricity.

Sincerely,

Carol Robertson
