**SECOND ORDER RE SCHEDULE**

This case involves an application filed with the Vermont Public Utility Commission (“Commission”) by Norwich Upper Loveland Solar, LLC (“Applicant”) for a certificate of public good (“CPG”) to construct and operate a 500 kW solar electric generation project in Norwich, Vermont (the proposed “Project”).

On September 27, 2022, I issued a scheduling order in this case adopting a proposed schedule that was submitted by the parties. At that time, no court reporter was able to confirm their availability for an evidentiary hearing during the week of April 10, 2023, as proposed by the parties. I have since confirmed the availability of a court reporter for an evidentiary hearing on Monday, April 10, 2023, beginning at 9:30 A.M. I have added this date to the remaining dates in the schedule below, as well as the post-hearing briefing dates proposed by the parties.

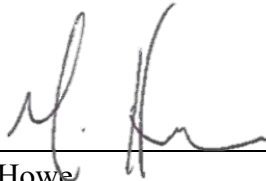

Please note that the Commission’s revised procedural rules (Commission Rule 2.000) took effect on January 18, 2023, and now apply to this case. Under Rule 2.216(D), objections to the admission of prefiled testimony and exhibits must now be filed no later than 14 days before the date of the evidentiary hearing. Commission Rule 2.107 allows a party to request a waiver of the application of a portion of the new Commission Rule 2.000 to this case.
