Montpelier, VT 05620-2071

Workshop Date Preferences
Case No. 23-1364-INV - 2023 Investigation into EV rates

On Friday, April 28th, the Public Utility Commission (“PUC”) opened Case No. 23-1364-INV describing the approach for conducting its 2023 Investigation into EV Rates and requesting comments on utility progress. The Commission also asked for participant feedback on the preferred date(s) to convene a workshop and review responses.

VPPSA conferred with other case parties¹ and based on responses, submits that, in order of preference, the preferred dates to convene a workshop are Friday, June 23, 2023 (AM) or Thursday, June 22, 2023 (AM).

Respectfully,

/s/

Sarah E. Braese, Assistant General Manager
Vermont Public Power Supply Authority
