MEMORANDUM

To: Geoffrey Commons, Esq., Vermont Department of Public Service

cc: Agency of Natural Resources; David Blittersdorf; Irasburg Selectboard

From: Susan M. Hudson, Clerk of the Board *sh*

Re: Irasburg meteorological tower

Date: September 4, 2015

On September 2, 2015, the Clerk of the Board received a letter from the members of the Irasburg Selectboard regarding the existence of a meteorological tower in Irasburg that has allegedly been used to gather data for assessing the feasibility of a wind electric generating facility in that location. The Irasburg Selectboard states its belief that the owner of the tower did not receive a certificate of public good prior to constructing the tower. A copy of the letter is attached.

The Board requests that the Department of Public Service investigate the allegations contained in the Irasburg Selectboard's letter and submit a recommendation to the Board as to whether the Board should open an investigation into this matter. The Board requests that the Department do so as expeditiously as possible.
