Case No. 23-2221-INV
Investigation into the Clean Heat Standard Default Delivery Agent Costs and Quantities

Dear Ms. Anderson:

AllEarth Renewables, Inc. (“AER”) submits these comments in response to the Commission’s June 30, 2023 Orders. AER agrees with Green Mountain Power Corporation and the City of Burlington Electric Department that contested case procedures are appropriate and should be utilized in these matters given the broad number of topics, high number of expected participants and the significance of the issues being addressed.

Thank you for the Commission’s consideration of these comments.

AllEarth Renewables, Inc.
