Subject: VT Public Utility Commission re: Case #21-3587-NMP
Date: Wednesday, January 24, 2024 7:38:00 AM

Representative Holcombe,

Your email dated January 11, 2024, to Commissioners Roisman, Cheney, and Allen regarding the status of Public Utility Commission Case No. 21-3587-NMP, the application of Upper Loveland Solar in Norwich, Vermont, has been forwarded to me for response. The assigned hearing officer is actively working on the case and will be issuing a proposed decision in due course. At that time, the parties will be provided an opportunity to file written comments on the proposed decision and to request oral argument before the Commission before a final decision is issued, all consistent with statutory requirements.

Because the case you have inquired about is an open contested case before the Commission, the Commissioners cannot respond directly to your inquiry pursuant to the Commission's prohibitions on *ex parte* communications found in Commission Rule 2.201(E), nor can I provide any additional case information.

Lastly, your inquiry is considered a public comment in the case and will therefore be uploaded into the public file for Case No. 21-3587-PET in ePUC, the Commission's electronic filing system, along with this response.

Thank you,

Holly R. Anderson (she/her)
Clerk of the Vermont Public Utility Commission
