

State of Vermont
Public Utility Commission
MEMORANDUM

To: Parties in PUC Case No. 21-3587-NMP
From: Holly R. Anderson, Clerk of the Commission ^{HRA}
Re: Site Visit
Date: June 27, 2024

This memorandum confirms that Vermont Public Utility Commission will conduct a **Site Visit** in this proceeding on **Tuesday, July 9, 2024, at 10:00 A.M.** Parties are requested to meet promptly at 10:00 A.M.

The solar array is located between a cell tower and the transmission corridor.

Walking access to the solar array location will begin at the cell tower access driveway, which is gated. The cell tower e-911 address is 201 Upper Loveland Road, Norwich. These coordinates may be helpful: 43.725342, -72.289842.

The Commission directs the applicant to clearly mark the limits of disturbance on the eastern slope of the Facility site. The applicant is directed to bring at least one large paper copy of the site plan to the site visit for the Commissioners to use for purposes of reference.

As a reminder, the purpose of a site visit is to provide the Commission with context for the evidence that has been filed in a case. Observations from the site visit are not evidence in the case, and the site visit is not an opportunity to make comments, objections, or arguments— whether to the Commission or to the other parties. The Commission will not engage in any substantive discussion about the proposed Facility during the site visit.
