Re: Petition of VT Real Estate Holdings 2 LLC (“Fair Haven Solar”) for a Certificate of Public Good, pursuant to 30 V.S.A. § 248, authorizing the installation and operation of a 20 MW solar electric generation facility off Airport Road in Fair Haven, Vermont to be known as the “Fair Haven Solar Project”

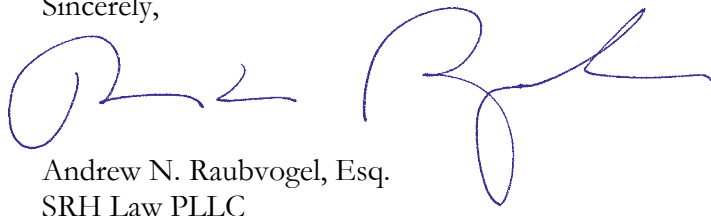

Dear Mr. Poor:

On September 17, 2024, VT Real Estate Holdings 2 LLC (to be referred to as “Fair Haven Solar”) filed a Petition with the Vermont Public Utility Commission for a Certificate of Public Good pursuant to 30 V.S.A. § 248 for the above-referenced 20 MW solar project, a copy of which has been served on the Department via ePUC. With this Petition, Fair Haven Solar is requesting Commission approval for the installation and operation of a 20 MW solar electric generation project located in Fair Haven, Vermont.

Fair Haven Solar respectfully requests that the Department of Public Service make a determination under 30 V.S.A. § 202(f) that the Project is consistent with the Vermont Electrical Energy Plan. The issue has been addressed in the prefiled direct testimony of Devi Glick, submitted with the Petition.

Please let me know if you have any questions concerning the filing. We look forward to hearing back from the Department at your earliest convenience.

Sincerely,

Andrew N. Raubvogel, Esq.
