

STATE OF VERMONT
PUBLIC UTILITY COMMISSION

Case No. 24-1493-PET

Efficiency Vermont request for a proceeding to review the effects of unanticipated Energy Efficiency Utility funding on quantifiable performance indicators, fees, and services, including the 2024-2026 Demand Resources Plan	
--	--

Order entered: 10/08/2024

ORDER ESTABLISHING SCHEDULE

This case concerns an Efficiency Vermont’s request for a proceeding to review the effects of unanticipated Energy Efficiency Utility (“EEU”) funding on its quantifiable performance indicators (“QPIs”), fees, and services and to review related amendments to the Demand Resources Plan (“DRP”) for the 2024-2026 performance period. This proceeding also addresses other unrelated amendments to Efficiency Vermont’s DRP approved in Case No. 22-2954-PET, including: (1) changes to the TEPF funding forecast, modeling results, and performance metrics; (2) revisions to the scope of the new construction program; and (3) updates to reflect current effects of the Energy Savings Account program.

In a July 24, 2024, Order, a schedule was established in this proceeding. The schedule included a deadline for Efficiency Vermont to file proposed schedule for review of non-consensus DRP amendment elements.

On September 13, 2024, Efficiency Vermont file proposed DRP amendments and supporting materials, including notice of the consensus and non-consensus elements. To develop the proposed DRP amendments, Efficiency Vermont represented that it consulted with the Vermont Department of Public Service (“Department”) to formulate a proposal.

In a September 20, 2024, filing, Efficiency Vermont stated that it is not aware of any non-consensus DRP amendment elements and is awaiting feedback from the Department. Efficiency Vermont proposes that the schedule be revised to give Efficiency Vermont and the Department additional time to determine if there are any non-consensus elements.

Accordingly, I adopt the following schedule proposed by Efficiency Vermont.

September 20, 2024, to September 27, 2024	Informal discovery on Efficiency Vermont's proposed DRP amendments
October 18, 2024	Deadline for parties to file notice on consensus DRP amendment elements, comments and/or supporting testimony and exhibits on consensus DRP amendment elements
October 25, 2024	Deadline for Efficiency Vermont to file proposed schedule for review of the remaining DRP amendment elements

SO ORDERED.

Dated at Montpelier, Vermont, this 8th day of October, 2024.

Mary Jo Krolewski
