I have yet more concerns on the cell tower issue in Manchester:

1) why would Verizon resubmit an application(slap in the face)when they and PUC have been told the town pc and selectboard have taken a stand and concern of the Riley Rink location(not zoned properly in Verizon application.not feasible for several legitimate reasons, a) that taxpayers have been very concerned of location and reception b) the town has hired a consulting firm to visit several other locations to make suggestions in process c) a decision by the PUC should take into consideration and leave in part to the local governance.

Thank you for looking out for the taxpayers

Steve Nichols

Retired Selectboard Manchester
