MOTION TO ALTER SCHEDULE

Vermont Renewable Gas, LLC (“VRG”) moves to alter the schedule by enlarging the dates in the schedule included in the Commission’s Order in the above-referenced matter dated November 7, 2024 as follows:

1. The deadline for VRG to submit testimony or exhibits in response to the Commission’s information requests changed from November 21, 2024 to December 12, 2024;
2. The deadline for briefs on the Facility’s eligibility under the Standard Offer Program changed from December 5, 2024 to January 9, 2025; and
3. The deadline for reply briefs changed from December 12, 2024 to January 23, 2025.

The enlargement of time is requested due to the complex nature of the Commission’s information requests and the legal issues presented, and the need to accommodate the challenges for counsel and the parties of exchanging briefing during the holiday season. I have conferred with Counsel for the Vermont Public Service Department, Agency of Agriculture Food and Markets, and Agency of Natural Resources in the development of this proposed enlargement of time and all three support this motion.
