

**STATE OF VERMONT  
PUBLIC UTILITY COMMISSION**

Case No. 24-3359-INV

<b>Investigation of the standard-offer contract between Vermont Renewable Gas, LLC and the Standard Offer Facilitator</b>	
---	--

**MOTION TO EXTEND DEADLINE**

Vermont Renewable Gas, LLC (“VRG”) moves to extend the deadline for filing briefs on the Facility’s eligibility under the Standard Offer Program to allow an additional two weeks for all parties. The current deadline for submission of briefs on the Facility’s eligibility under the Standard Offer Program is January 9, 2025. VRG requests an extension of two weeks to January 23, 2025. The current deadline for submission of reply briefs is January 23, 2025. VRG requests a similar extension of two weeks to February 6, 2025.

VRG acknowledges that Hearing Officer Krolewski has already approved an alteration to the original briefing schedule specified by the Commission based on in part on a request to accommodate the holiday season and in part based on the complexity of the issues. VRG submitted prefiled testimony on December 12, 2024, in accordance with that schedule but underestimated the time needed to prepare the legal brief. The combination of the timing of the holidays and the need to coordinate the preparation of the briefing between VRG and its counsel across competing vacation schedules have necessitated a request for this additional time.

I have conferred with Counsel for the Vermont Public Service Department, Agency of Agriculture Food and Markets, and Agency of Natural Resources in the development of this proposed extension of time for all parties and all three support this motion.

Dated at Montpelier, Vermont this 6<sup>th</sup> day of January, 2025.
